Emergency floor worksheet

Essential-cost inventory, floor target, build schedule.

A. Essentials inventory

LINE ITEM	MONTHLY AMOUNT
Rent / mortgage	
Utilities	
Groceries	
Transportation	
Insurance	
Minimum debt payments	
Other essentials	
Other essentials	
Total essentials	

B. Floor target

Essentials x 3 months = ______ small end	Essentials x 6 months = ______ larger end

Which end depends on how steady your income is and how quickly you could replace it.

C. Build schedule

MILESTONE	DATE
First $1,000	
One month of essentials	
Small end	
Target
